ABOUT MYSELF

I am a Creative Web Developer skilled in all phases of web development. I work with HTML, CSS, Bootstrap, JavaScript, ReactJS, MaterialUI, Laravel, PHP, MySQL, and Python. I'm also experienced with Adobe tools like Photoshop and Illustrator. I enjoy collaborating with teams and am always ready to learn new skills.

EXPERIENCE

KodeGo
Web Development Capstone   Mar 2023 - Aug 2023

The Objective is to help gamers to find different famous games from different countries. -Used HTML, CSS, JavaScript (ReactJs, NodeJs), PHP (Laravel, XAMPP) for the project tools

PetraTools
Email and Creative Designer   Jan 2024 - Oct 2024

Responsible for Creating Email Designs to the different brands of PetraWorks such as PetraTools, PetraMax, PetraGrow, BEEST, and Bella's Barrier. The creatives that I made are mostly Photo Manipulation using Adobe Photoshop, Adobe Illustrator, and processed the Email Designs through Figma then uploaded to Klaviyo.

Blitzmetrics
